

# Spring 2016 APCA Application

Association for the Promotion of Campus Activities (APCA) is a national organization that provides a conference experience for college programming boards by promoting campus engagement through quality educational experiences, showcasing affordable entertainment for programming boards and offering community service initiatives on site for students.

Every semester APCA offers two regional conferences that Ithaca College participates in. Due to the many leadership development and program opportunities APCA provides, the process to attend APCA will now be application based. Students from a variety of programming student organizations on campus can apply to attend the three-day conference. The applicants will be reviewed and selected by the Assistant Director of Student Involvement, Assistant Director of Multicultural Affairs and the Executive Chair of SAB.

## Conference Details:

Dates: February 5-8

Location: Hershey, PA

Cost: Free (IC pays for lodging, travel and food)

\*Deadline to apply 11/20/15 11:59PM.
